

Consolidated Financial Statements of

The City of Spruce Grove

For the Year Ended December 31, 2018

KPMG LLP 2200, 10175 – 101 Street Edmonton, AB T5J 0H3 Telephone (780) 429-7300 Fax (780) 429-7379 www.kpmg.ca

#### INDEPENDENT AUDITORS' REPORT

To the Mayor and Members of Council of the City of Spruce Grove

#### **Opinion**

We have audited the consolidated financial statements of the City of Spruce Grove (the "Entity"), which comprise:

- the consolidated statement of financial position as at December 31, 2018
- the consolidated statement of operations and accumulated surplus for the year then ended
- the consolidated statement of changes in net debt for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at December 31, 2018, and its consolidated results of operations, its consolidated changes in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

#### We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group Entity to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

#### MANAGEMENT'S REPORT

The consolidated financial statements of the City of Spruce Grove (the "City") are the responsibility of management and have been prepared in accordance with Canadian Public Sector Accounting Standards. The consolidated financial statements include amounts that are based on the best estimates and judgments of management. Management has determined such amounts on a reasonable basis in order to ensure that the consolidated financial statements are presented fairly, in all material respects.

Management maintains systems of accounting and administrative controls to provide reasonable assurance that the transactions are appropriately authorized, accurately recorded, that assets are properly accounted for and safeguarded and that the consolidated financial statements reliably report the City's operating and financial results.

City Council has approved the information contained in the consolidated financial statements.

KPMG LLP, have been appointed by City Council to provide an independent audit opinion on the consolidated financial statements.

Louise Frostad, CPA, CMA Chief Financial officer

For the Year Ended December 31, 2018 (in thousands of dollars)

The consolidated financial statements of the City of Spruce Grove ("the City") are the representations of management prepared in accordance with Canadian Public Sector Accounting Standards ("PSAS").

#### 1. Significant Accounting Policies

#### (a) Reporting Entity

The consolidated financial statements reflect the assets, liabilities, revenues, and expenses, and accumulated surplus of the reporting entity. The reporting entity is comprised of all organizations which are owned or controlled by the City, and are, therefore, accountable for the administration of their financial affairs and resources.

The reporting entity includes all divisions and departments that comprise City operations, the City of Spruce Grove Library Board (the "Library") and the TransAlta Tri Leisure Centre (the "TLC"). Inter-organizational transactions and balances between these entities have been eliminated.

The City is associated with various other boards, commissions and other organizations that are not part of the government reporting entity.

Property taxes levied also include requisitions for education and seniors housing organizations that are not part of the government reporting entity. The consolidated financial statements exclude any trusts under administration for the benefit of external parties.

#### (b) Financial Assets

#### (i) Investments

Investments are recorded at amortized cost. Should there be a loss in value that is not considered temporary, the respective investment is written down to recognize the loss.

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms a part of the deferred revenue balance.

#### (ii) Land Held for Resale

Land held for resale is recorded at the lower of cost or net realizable value. Cost includes amounts for acquisition, sales commission and interest. Interest is capitalized whenever external debt is issued to finance the acquisition of land held for resale. Repayments of interest from third parties reduces the amount of capitalized interest.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 1. Significant Accounting Policies (Continued)

#### (c) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They are not intended for sale in the ordinary course of operations.

#### (i) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the tangible capital assets. The cost, less residual value of tangible capital assets, excluding land is amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life in Years
Engineering Structures	20 - 75
Equipment	4 - 20
Facilities	25 - 50
Fleet	8 - 25
Land Improvements	15 - 25
Leasehold Improvements	Life of the Lease

Amortization is charged in the year of acquisition and no amortization is charged in the year of disposal. Construction in progress is not amortized until the asset is available for productive use.

#### (ii) Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and are recorded as revenue.

#### (iii) Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

#### (iv) Works of Art and Cultural and Historic Assets

Works of art and cultural and historic assets are not recorded as tangible capital assets in these consolidated financial statements.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 1. Significant Accounting Policies (Continued)

#### (v) Consumable Inventory

Consumable inventory is comprised of supplies held for consumption and are recorded at the lower of cost and replacement cost.

#### (d) Revenue Recognition

#### (i) Revenues

Revenues are recognized in the period in which they are earned and measurable. Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified. Deferred revenue consists of government transfers, developer contributions and levies, and other unearned revenues.

#### (ii) Tax Revenue

Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred.

Requisition over-levies and under-levies arise from the difference between the actual tax levy made to cover each requisition and the actual amount requisitioned. Where the actual levy differs from the requisition, the requisition tax rate is adjusted in the subsequent year.

#### (iii) Developer Contributions

Developer Contributions are recorded as a liability upon signing of a development agreement and these amounts are recognized as revenue in the period they are used for the purpose specified.

#### (iv) Developer Levies

Offsite levies are collected from developers upon the execution of a development agreement as per the offsite levy bylaw. These funds are restricted to fund the construction of specific infrastructure and are recognized as revenue once the infrastructure has been built and the City has provided a construction completion certificate.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 1. Significant Accounting Policies (Continued)

#### (v) Government Transfers

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. These transfers are not the result of an exchange transaction, and are not expected to be repaid in the future, or the result of a direct financial return. Revenue is recognized in the period when events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

#### (e) Expenses

Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

#### (f) Liability for Contaminated Sites

A liability for remediation of a contaminated site is recognized at the financial statement date, when:

- a) an environmental standard exists;
- b) contamination exceeds the environmental standard;
- c) the municipality owns the land; or is directly responsible; or accepts responsibility.
- d) it is expected that future economic benefits will be given up; and
- e) the liability can be reasonably estimated.

The liability is estimated to cover remediation, post remediation operation, maintenance and monitoring costs based on information available at the financial statement date.

In some cases, environmental standards are created by internal policy and voluntary compliance with such environmental standards may create a liability.

#### (g) Use of Estimates

The preparation of the consolidated financial statements of the City requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the period. Where measurement uncertainty exists, the consolidated financial statements have been prepared within reasonable limits of materiality. Actual results may differ from those estimates.

Estimates have been used to determine provisions for accrued liabilities, liability for contaminated sites, useful lives of tangible capital assets, historic costs of certain tangible capital assets, fair values of contributed tangible capital assets, and provisions made for allowances for doubtful receivable accounts.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 1. Significant Accounting Policies (Continued)

#### (g) Use of Estimates (Continued)

Revenue recognition related to developer contributions and levies utilizes forecasted development costs, staging and financing requirements.

#### (h) Changes in Accounting Policies

The City has adopted the following accounting standards effective January 1, 2018:

#### (i) PS 2200, Related Party Disclosure

PS 2200 defines a related party as well as establishes the disclosure requirements for related party transactions. The standard requires disclosure of sufficient information about the terms and conditions of related party transactions and related party relationships to enable users to assess the effect they have had or, if not recognized, may have had on a public sector entity's reported financial position and changes in it. Requirements of this standard are considered in conjunction with requirements of PS 3420.

#### (ii) PS 3420, Inter-entity Transactions

PS 3420 establishes standards of how to account for and report transactions between public sector entities that comprise a government reporting entity from both a provider and a recipient perspective. Inter-entity transactions may involve the transfer of assets and liabilities, cost allocations and recoveries or unallocated costs. Requirements of this standard are considered in conjunction with requirements of PS 2200.

#### (iii) PS 3210, Assets

PS 3210 provides guidance for applying the definition of asset, and establishes general disclosure standards for assets, including disclosure of information about the major categories of assets that are not recognized. When an asset is not recognized because a reasonable estimate of the amount involved cannot be made, a disclosure should be provided.

#### (iv) PS 3320, Contingent Assets

PS 3320 defines and establishes disclosure standards for contingent assets. Contingent assets are possible assets arising from existing conditions or situations involving uncertainty. Disclosure of information about contingent assets is required when the occurrence of the confirming future event is likely.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 1. Significant Accounting Policies (Continued)

#### (h) Changes in Accounting Policies (Continued)

#### (v) PS 3380, Contractual Rights

PS 3380 defines and establishes disclosure standards for contractual rights. Contractual rights are rights to economic resources arising from contracts or agreements that will result in both an asset and revenue in the future. Disclosure of information about contractual rights is required including a description of their nature and extent, and the timing.

The adoption of these standards has resulted in certain changes to disclosures in the consolidated financial statements.

#### (i) Future Accounting Standard Pronouncements

The following summarizes upcoming changes to public sector accounting standards issued by the Public Sector Accounting Standards Board. In 2019, the City will continue to assess the impact and prepare for the adoption of these standards. While the timing of standard adoption may vary, certain standards must be adopted concurrently. The requirements in Financial Statement Presentation (PS1201), Financial Instruments (PS3450), Foreign Currency Translation (PS2601) and Portfolio Investments (PS3041) must be implemented at the same time.

Standard	Name	Effective Date
PS3430	Restructuring Transactions	April 1, 2018
PS1201	Financial Statement Presentation	April 1, 2021
PS3450	Financial Instruments	April 1, 2021
PS2601	Foreign Currency Translation	April 1, 2021
PS3041	Portfolio Investments	April 1, 2021
PS3280	Asset Retirement Obligations	April 1, 2021
PS3400	Revenue	April 1, 2022

#### 2. Budget

City Council approved the 2018 - 2020 Corporate Plan on November 27, 2017, which formally approved revenues, expenses and tangible capital asset acquisitions for 2018.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 3. Accounts Receivable

	a second	
	2018	2017

#### 4 Investments

investments				
	Amortized Cost 2018	Market Value 2018	Amortized Cost 2017	Market Value 2017
Bonds	12,662	12,419	8,847	8,758
GICs	12,995	13,015	2,545	2,557
Notes	6,267	5,933	4,891	4,834
PIA	5,292	5,301	15,108	15,108
	37,216	36,668	31,391	31,257

Investments in bonds have effective interest rates of 2.30% to 3.33% with maturity dates from June 2021 to July 2028. Investments in guaranteed investment certificates (GICs) have effective interest rates ranging from 1.75% to 2.49% and with maturity dates from July 2019 to September 2019.

Note investments have variable interest rates and maturity dates. Three of these notes are based on any positive price return of the S&P/TSX 60 Index, with maturity dates ranging from May 2022 to July 2023. Another note is auto callable, with an interest rate based on Canadian Growers Index with a maturity date as of August 2028. The City also has an investment in a low volatility index deposit note earning variable returns based on the CDN Equity index with a maturity date of August 2022.

Premier investment account (PIA), a tiered-rate interest account with interest based on monthly

#### 4. Investments (Continued)

average prime less a percentage based on the average monthly balance held in the account. Included in this investment is a high interest notice account, which is currently paying 0.85% and requires 31 days' notice to redeem.

The market value of certain investments is less than amortized cost at December 31, 2018. Management is of the opinion that the decrease in value is temporary.

#### 5. Land Held for Resale

The City holds an interest in lands in the amount of \$1,746 (2017 - \$1,746) representing the costs related to the Westwind land assembly undertaken by the City. The City has entered into an option agreement with the developer to dispose of the assembled land in parcels.

During the year, interest on long-term debt in the amount of \$17 (2017 - \$14) was capitalized and subsequently reimbursed by the developer.

#### 6. Accounts Payable and Accrued Liabilities

Historic Nuisance Grounds - site closure and post closure	600	600
	4,180	4,180

The fair value of the liability for contaminated sites is estimated using the expected cash flow approach that reflects a range of possible outcomes discounted using the consumer price index. Subsequent to the initial measurement, the obligation will be adjusted at the end of each year to reflect the passage of time and changes in the estimated future cash flows underlying the obligation. Changes in the obligation are recognized in the consolidated statement of operations and accumulated surplus.

The estimated undiscounted future remediation expenditures is \$4.0 million and a discount rate of 3% (2017 - 3%) has been used. The City plans to remediate the sites over a 5-year period with an expected completion date of December 31, 2023 (2017 - December 31, 2022).

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 9. Long-Term Debt

	2018	2017
Alberta Capital Financing Authority		
Agrena	1,023	1,184
Library	943	1,080
Local Improvements	4,256	4,748
Public Works Facility	4,812	4,970
TransAlta Tri Leisure Centre	858	1,099
Protective Services Facility	6,000	
	17,892	13,081
CIBC		
Development Facility	12,250	11,000
RCMP Facility	7,650	-
	19,900	11,000
Other		
Equipment Financing	220	- 2
Westwind Land Assembly	452	452
	672	452
	38,464	24,533

The required repayments for the Alberta Capital Financing Authority debt and expected repayments for all other debt are as follows:

	Principal	Interest	Total
2019	2,040	1,208	3,248
020	2,690	1,134	3,824
021	2,319	1,022	3,341
2022	2,138	938	3,076
2023	2,160	867	3,027
Subsequent	27,117	6,094	33,211
	38,464	11,263	49,727

Debenture debt is repayable to the Alberta Capital Financing Authority and bears interest at rates ranging from 2.79% to 6.38% per annum and matures in periods 2021 to 2038. Debenture debt is issued on the credit and security of the City.

In 2016, the City signed an infrastructure loan facility with Canadian Imperial Bank of Canada ("CIBC") to provide funds for new development transportation, water and sewer infrastructure projects. The facility is available as Canadian Dollar Bankers Acceptances ("bankers acceptances")

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 9. Long-Term Debt (Continued)

with terms renewable from 1 to 6 months subject to a stamping fee of .90% and interest at prime rate plus 0% per annum. The bankers acceptances can be converted to a fixed term loan for 20 years.

The City signed a second infrastructure loan facility with CIBC toward the end of 2016 to provide funds to pay for its share of the costs to build a new RCMP facility to be constructed at the cost and expense shared by the City and the Town of Stony Plain and is secured by the City's interest in the building being constructed with expected completion in 2019. The loan facility is available as bankers acceptances with terms and conditions identical to those under the development facility. The bankers acceptances can be converted to fixed term loan for 25 years.

In 2010 the City borrowed \$8,900 from Versabank to finance the purchase of the Westwind Lands. This loan bears interest at prime plus 0.9%. The terms of this loan are interest only payments for 10 years, with principal payments due when land is sold and not later than March 2020. The City has entered into an agreement with a developer to reimburse any interest incurred on this loan.

The City has existing revolving demand facilities with Royal Bank of Canada and CIBC for \$5 million each. The City does not have an outstanding balance on either facility as of December 31, 2018.

Interest on long-term debt amounted to \$915 (2017 - \$648). The City's interest expense for the year is \$898 (2017 - \$634) while the remaining \$17 (2017 - \$14) relates to the Westwind lands and was capitalized as part of land held for resale during the year. The City's total cash payments for interest in 2018 is \$951 (2017 - \$682).

#### 10. Debt Limits

Section 276 (2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/200 for the City be disclosed as follows:

	2018	2017
Total Debt Limit		
(1.5 times revenue, as defined in the regulation)	125,261	134,259
Total Debt	(38,464)	(24,533)
Amount of Debt Limit Unused	86,797	109,726
Debt Servicing Limit		
(0.25 times revenue, as defined in the regulation)	20,877	22,377
Debt Servicing	(3,248)	(1,956)
Amount of Debt Servicing Limit Unused	17,629	20,421

Revenue as defined in Alberta Regulation 255/2000 is calculated using the total revenue for the reporting year less capital government transfers and contributed tangible capital assets recognized in the year.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 11. Tangible Capital Assets (Continued)

#### (a) Construction in Progress

Construction in progress having a value of \$22,621 (2017 - \$14,973) has not been amortized. Amortization of these assets will commence when the assets are put into service.

#### (b) Contributed Tangible Capital Assets

Contributed tangible capital assets have been recognized at fair value at the date of contribution. Contributed tangible capital assets consisting of land, roads, drainage, water and wastewater infrastructure received during the year have a value of \$9,651 (2017 - \$16,432).

#### (c) Cultural and Historical Tangible Capital Assets

The City owns original artworks that are on permanent display at City Center. The artworks were purchased by the City and have significant cultural and historical value in perpetuity. The artworks are not recorded as tangible capital assets in the financial statements and are not amortized.

#### 12. Accumulated Surplus

	Budget	2018	2017
	(Note 2)		TAYL
Municipal	9,365	16,954	18,712
Utility	9,119	8,792	8,620

Neighborhood Parks		78	(78)	-	
7.41.41	(10,684)	905	(5,289)	1,984	(13,084)

Other adjustments include long-term debt issued to fund transportation and water projects, as well as adjustments made to appropriately present contributions and costs in the City's offsite levy reserves.

The City paid costs for certain transportation and water infrastructure projects on behalf of developers and financed this development with long-term debt in order to advance the construction of these projects. The developer deficits are expected to be repaid with proceeds from future developer contributions and levies. Long-term debt in the amount of \$12.3 million (2017 - \$11.0 million) was taken out by the City as offsite levy reserve balances are currently insufficient to pay for future development's share of these project costs.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 14. Segmented Disclosure (Continued)

Segmented information has been identified above based upon lines of service provided by the City. The services that are disclosed in the segmented information are referred to as:

- (a) Municipal, for operating and capital activities other than those designated as Utility and Development.
- (b) Utility, for water, solid waste and wastewater services.
- (c) Development, for developer-funded projects and activities.

#### 15. Salary and Benefits Disclosure

Disclosure of salaries and benefits for municipal officials and the chief administrative officer is required by Alberta Regulation 313/2000. This information is not presented in thousands of dollars.

	2018 Salaries	2018 Benefits	2017 Salaries	2017 Benefits

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 15. Salary and Benefits Disclosure (Continued)

Salaries include remuneration and per diem paid to elected officials, including a basic honorarium, and a meeting per diem. Benefits include the employer's share of all benefits paid on behalf of elected officials and include Canada Pension Plan, health care, extended health care, dental, group life, accidental death and dismemberment insurance, dependant life insurance, a home office expense allowance, car allowance, and WCB coverage. Employees are also eligible for Employment Insurance, Long Term Disability, Local Authorities Pension Plan, APEX Plus Pension Plan and memberships to the TransAlta Tri Leisure Centre. Council is eligible for a matching RRSP contribution of up to 4% of their annual salary.

#### 16. Local Authorities Pension Plan

Employees of the City participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the Public Sector Pension Plans Act. LAPP is financed by employer and employee contributions and by investment earnings of the LAPP fund.

The City is required to make current service contributions to LAPP of 10.39% (2017 - 11.39%) of eligible pensionable earnings up to the Year's Maximum Pension Earnings and 14.84% (2017 - 15.84%) on pensionable earnings above this amount. Employees are required to make current service contributions of 9.39% (2017 - 10.39%) of pensionable salary up to the Year's Maximum Pensionable Earnings and 13.84% (2017 - 14.84%) on pensionable salary above this amount. Contributions for current service are recorded as expenses in the year in which they become due.

Total current service contributions by the City to LAPP in 2018 were \$2,458 (2017 - \$2,588). Total current service contributions by the employees of the City to LAPP in 2018 were \$2,254 (2017 - \$2,388). Total optional service contributions by the City to LAPP in 2018 were \$158 (2017 - \$96).

City employees are able to buy back their first year of service within five years from their start date with LAPP. The City is obligated to pay the employer portion of any prior service buy-back. In 2018 the City's potential liability for optional service buy-back is \$86 (2017 - \$139).

At December 31, 2017, LAPP disclosed an actuarial excess of \$4.8 billion.

#### 17. APEX Supplementary Pension Plan

The APEX supplementary pension plan, an Alberta Urban Municipality Association (AUMA) sponsored defined benefit pension plan covered under the provisions of the Alberta Employment Pension Plans Act commenced on January 1, 2003 and provides supplementary pension benefits to a prescribed class of employees (approximately 106 beneficiaries). The plan supplements the Local Authorities Pension Plan.

The prescribed class of employees and the City make contributions. Employees and the City are required to make current service contributions to APEX of 2.84% and 3.78% respectively of pensionable earnings up to \$147 (2017 - \$145).

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 17. APEX Supplementary Pension Plan (Continued)

Total current service contributions by the City to APEX in 2018 were \$378 (2017 - \$370). Total current service contributions by the employees of the City in 2018 were \$284 (2017 - \$278).

#### 18. TransAlta Tri Leisure Centre

The City of Spruce Grove, Parkland County and the Town of Stony Plain have jointly developed, constructed, and are now operating the TransAlta Tri Leisure Centre (the "TLC"). The building is jointly owned by the City of Spruce Grove, Parkland County and the Town of Stony Plain.

The Tri-Municipal Leisure Facility Corporation (the "Corporation") was incorporated on December 19, 2001 under the Companies Act (Alberta) as a not-for-profit Part IX corporation to operate and manage the TLC. The City of Spruce Grove, Parkland County and Town of Stony Plain contributed a total of \$1,852 (2017 - \$1,985) to support the operations of the Centre, with the City's proportionate share being 49.5% (2017 - 45.4%) or \$917 (2017 - \$901).

A financial summary of the City's proportionate share of the financial position and operations of the TLC is as follows:

	2018	2017
Financial Position		
Financial Assets	1,259	864
Liabilities	(754)	(499)
Net Financial Assets	505	365

Consumption (Acquisition) of Inventory	(8)	5
	140	(44)
Net Financial Assets, Opening	365	409
Net Financial Assets, Closing	505	365

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 19. Related Parties

Transactions with related parties are included within these consolidated financial statements.

Related parties include key management personnel which the City has determined to include the Mayor, Council and members of the City's senior leadership team. In the normal course of operations, key management personnel incur various costs on behalf of the City. Such transactions between the City and key management personnel are recorded at a value similar to that which would have been arrived at if the parties were unrelated.

#### 20. Alberta Municipal Insurance Exchange

The City is a member of the Alberta Municipal Insurance Exchange (MUNIX). Under the terms of the membership, the City could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

#### 21. Developer Agreements

Developers have entered into agreements with the City in the amount of approximately \$175 million and are committed to installing and constructing certain works to serve the development of lands within the City. The City has taken security from the developers in the form of letters of credit in the amount of \$28 million to secure the performance by the developers under the agreements.

#### 22. Financial Instruments

The City's financial instruments consist of accounts receivable, investments, accounts payable and accrued liabilities, liability for contaminated sites, and long-term debt. It is management's opinion that the City is not exposed to significant interest or currency risks arising from these financial instruments.

The City is subject to credit risk with respect to accounts receivable. Credit risk arises from the possibility that taxpayers and entities to which the City provides services may experience financial difficulty and be unable to fulfil their obligations. The large number of diversity of taxpayers and customers minimizes the credit risk.

Unless otherwise noted, the carrying values of all the City's financial instruments approximate their fair value.

For the Year Ended December 31, 2018 (in thousands of dollars)

#### 23. Commitments

As at December 31, 2018; authorized costs for capital projects and transfers committed through a purchase order or other contractual agreement, but not yet expended, amounted to \$12,206.

The City has ongoing operating leases for facilities. The future minimum lease payments are as follows:

Year	Basic Rent	
2019	347	
2020	298	
2021	230	
2022	230	
2023	122	
Thereafter	474	
Total	1,701	

#### 24. Contingent Liabilities

The City is defendant in various lawsuits as at December 31, 2018. Where the occurrence of future events is considered likely to result in a loss with respect to an existing condition, and the amount of the loss can be reasonably estimated, amounts have been included within accrued liabilities. Where the resulting losses, if any, cannot be determined or the occurrence of future events is unknown, amounts have not been recorded.

The City is currently undergoing union negotiations that may result in retroactive payments being made. The outcome of these negotiations are not determinable as at December 31, 2018, and accordingly, no provision has been made in these consolidated financial statements for any liability that may result.

#### 25. Comparative Information

Certain comparative information has been reclassified to conform with the financial statement presentation adopted for the current year.

#### CITY OF SPRUCE GROVE SCHEDULE 1 - PROPERTY TAXES
