Overall, the City received one landowner consent representing a ¼ interest in 2 of the 29 parcels of land within the negotiated annexation areas (see **Appendix L**). The position of the remaining ¾ interests of those two parcels is unknown.

While no other consents were received, 3 landowners that represent 4 parcels of land unofficially conveyed support through open house questionnaires or interactions with open house facilitators. Another 2 landowners each representing a single parcel unofficially conveyed support through interactions with open house facilitators but conveyed a position of uncertainty in their open house questionnaires.

Positions on the proposed annexation are unknown for the remaining 14 landowners representing 21 parcels of land within the negotiated annexation areas. Although positions are unknown, no objections or concerns have been conveyed and recorded from these landowners over the course of the consultations.
