## News You Can Use

### Egg-citing news!

The City has hatched a two-year urban hen keeping pilot program to give residents the opportunity to house three to six hens safely in their backyard!

Participants will work with the City to ensure enclosures are well kept and hens are healthy. A hen keeping licence is required to help keep enclosures in egg-celent condition, preventing smells and deterring pests.

### Draft Municipal Development Plan, The Shape of Our Community

The draft Municipal Development Plan (MDP), The Shape of Our Community, is now available!

The proposed MDP creates a shared vision for growth and development in Spruce Grove for the next 20 to 30 years, and Councillors will discuss the draft later this month at an upcoming Council meeting. A public hearing is expected to be scheduled sometime in September and interested parties can also share feedback with the City at that time.

After all feedback has been considered and Council has adopted all changes, the finalized MDP will be made available to the public.
